DIRECT EXAMINATION

(BY LIEUTENANT PHARR)

Q State your name.

A Bunji Kanto.

Q Are you a Japanese prisoner of war at this time?

Q I have been a prisoner of war since September 19th, 1945.

Q Do you realize that you may be tried, yourself, as a war criminal?

A I do not know.

Q Do you realize that you may be tried?

A I do not know anything about it at all.

Q I inform you that you might be tried as a war criminal.

A Yes.

Q Knowing that, are you willing to give testimony in this case at this trial?

INTERPRETER HONDA: Before that he wishes to state that, "I believe I am not guilty of any crime".

(Conversation ensues between Interpreter and witness.)

LIEUTENANT BETTMAN: Sir, I believe -- or rather, my Interpreter informs me that the witness doesn't understand the connection we are trying to establish, and if the Commission informs him that what is being said here may be used against him in his own trial, I think it would clear up the question in his own mind.

GENERAL GARD: Subject to objection, the witness has had his rights explained sufficiently and is directed to answer the questions here put to him. Any objection?

(Pause)

Proceed.

Q (By Lieutenant Pharr) What was your rank in the Japanese Army before you surrendered?

A 2nd Lieutenant.

Q Were you a member of the 17th Regiment before your surrender?

A I am not a member of the 17th Regiment, but I was attached to the unit.

Q Were you ordered to participate in a punitive expedition at Calamba in February of 1945?

A I heard from Unit Commander Sakata that he had received the following order from the Heidan commander.

Q And what was the order that you heard?

A The order was to carry out the punitive action of Calamba immediately.

Q What duties were you ordered to perform at Calamba?

A My original mission was to participate in the battle against the Americans. One was to perform against tanks, and second, the gathering of Intelligence. We had been performing these duties.

Q Were you in Calamba on 11 February 1945?

A Yes.

Q What duties were assigned to you in regard to the subjugation of Calamba?

A I was ordered by the Battalion Commander, Saito, to gather the inhabitants around the church.

Q What was Saito's rank?

A Captain.

Q Did he give you a list of people to gather and take to the church ?

A No.

Q How do you spell Saito?

A S-A-I-T-O.

LIEUTENANT PHARR: I call the Commission's attention to the Saito Battalion, Prosecution's Exhibit No. 2.

Q (By Lieutenant Pharr) Did Captain Saito tell you what people to gather?

A He said to gather the men.

Q How many men did you have under your command?

A Eight.

Q What orders did you give your men?

A I ordered that there be two groups of three men each and one was my messenger.

Q And what did you tell them to do?

A I ordered them to gather the inhabitants.

Q Did you tell them to gather all of the men in Calamba?

A I did not say to gather all the men. I just told them to gather the men.

Q Did the men in your command gather any civilian Filipino men and take them to the church in Calamba on February 12th, 1945?

A Yes.

A I was ordered by the Battalion Commander, Saito, to gather the inhabitants around the church.

Q What was Saito's rank?

A Captain.

Q Did he give you a list of people to gather and take to the church?

A No.

Q How do you spell Saito?

A S-A-I-T-O.

LIEUTENANT PHARR: I call the Commission's attention to the Saito Battalion, Prosecution's Exhibit No. 2.

Q (By Lieutenant Pharr) Did Captain Saito tell you what people to gather?

A He said to gather the men.

Q How many men did you have under your command?

A Eight.

Q What orders did you give your men?

A I ordered that there be two groups of three men each and one was my messenger.

Q And what did you tell them to do?

A I ordered them to gather the inhabitants.

Q Did you tell them to gather all of the men in Calamba?

A I did not say to gather all the men. I just told them to gather the men.

A Yes.

Q What duties were you performing in Calamba on February 12th, 1945?

A My duties were to gather the inhabitants and I was doing nothing out of the ordinary.

Q Did you go to the church in Calamba that day?

A Yes.

Q Did you see any civilian Filipino men being brought to the church in Calamba?

A Yes.

Q About how many men did you see brought to that church?

A About 700 men.

Q Did you see what was done with those men after they were brought to the church?

A No.

Q Did you see any of them carried away in trucks?

A Yes.

Q What time of day was it when they were carried away?

A I believe it was around after 1:00 in the afternoon.

Q Do you know where they were taken?

A No, I don't.

Q Do you know who took them off in the trucks?

A No.

Q Were the trucks driven by Japanese soldiers?

A Japanese soldiers were driving the trucks.

Q How many Japanese officers did you see in the town of Calamba on February 12th, 1945?

A I don't remember very clearly, but I believe it was 8 or 9.

Q Could you name those officers?

A Yes.

Q Name them, please.

A Saito.

Q What was his rank?

A The names are as follows: Battalion Commander Saito --

Q What was Saito's first name?

A I don't know; I have only met him twice and therefore I don't know. Then Yamada of the Air Corps, and 1st Lieutenant Sakata, 1st Lieutenant Yamada of the fishing unit; then myself, 1st Lieutenant Tanoichi, Warrant Officer Sato, and Muramatsu, and I believe there was another officer but I don't remember.

GENERAL GARD: (To Interpreter) Can "fishing unit" be also interpreted "sea raiding unit"?

INTERPRETER ONODERA: No, it cannot be interpreted, but it's the same thing. The word cannot be interpreted as that, but the meaning is the same -- that is, they call it "raiding unit", fishing unit.

GENERAL GARD: Then when in the course of testimony the word "fishing unit" is used, will the Interpreter use "sea raiding unit"? It will be clearer to the Commission and to the Defense.

INTERPRETER ONODERA: Yes, sir.

GENERAL GARD: Proceed.

Q (By Lieutenant Pharr) What time did you leave the church that afternoon?

A I was in a house near the church; therefore, I cannot say exactly when, but I can say the time I went back to my

quarters.

Q What time did you go back to your quarters?

A I believe it was 1900

Q Who went with you back to your quarters?

A 1st Lieutenant Yamada.

Q When you got back to your quarters, did you see anything unusual?

A Yes.

Q What did you see?

A When I came to the crossing, I realized that our quarters were on fire -- or in the direction of the quarters.

GENERAL GARD: Will the Reporter read the last answer back.

(Whereupon the last answer was read by the Reporter)

INTERPRETER ONODERA: It's not so much that, but maybe it would be better to say, "I saw there was a fire in the direction of our quarters."

GENERAL GARD: Make it as on Interpreter's correction.

(To Captain Murtaugh) Did you hear the conversation and proceedings that just went on here?

CAPTAIN MURTAUGH: Yes, sir.

GENERAL GARD: Continue.

Q (By Lieutenant Pharr) As you approached your quarters, what did you see?

A I started to rush toward the quarters, but when I arrived, I discovered that the quarters were not on fire; therefore, I went to the scene to see what was the cause.

GENERAL GARD: Will the Reporter repeat that question
and answer?

(Whereupon the question and answer were read by the
Reporter.)

Q (By Lieutenant Iharr) Did you go to a house that was on fire?

A I went near the house that was on fire.

Q Could you see what was in that house that was on fire?

A Yes.

Q What?

A A body.

Q How many bodies?

A I see about seven or eight houses on fire and I don't know exactly, but I estimated that there were about twenty bodies in each one.

Q Do you know who set fire to these houses?

A No, I don't.

Q How close were your quarters to these houses?

A About 300 meters.

Q Did you move your quarters?

A Yes.

Q Why?

A After I saw this pitiful scene, Yanada, Sakata and myself decided to move to a Barrio near Lake Laguna, east of Lake Laguna.

Q What directions were your quarters from Calamba?

A Towards Los Baños.

Q I hand you Prosecution's Exhibit No. 41, and ask you to point out on the map the approximate location of your quarters on February 12th, 1945.

A The first place where I was at was this point (pointing to Real) and then the next place is up here to the east

marked "Locharia", a little hill to the east of Real.

Q Was Real the place where you saw the seven or eight houses on fire?

A Yes, it was a little away from Real. There is a sugar refinery there and I saw the house from the entrance of the sugar refinery.

Q Had the town of Calamba been shelled or bombed by American forces prior to February 12th, 1945?

A I never saw the actual bombings or shelling, but the regions around the railroad, around the station, were destroyed.

Q Did you go into the town of Calamba on the morning of February the 13th, 1945?

A Yes.

Q Had there been many houses burned that night -- change the question. Did you see the ruins of burned houses in Calamba at that time?

A Not the ruins within the city.

Q Did you see the ruins at Barrio Real?

A I don't know what "Real" is.

Q Were you present at a meeting at Tisong when your Battalion Commander gave an order concerning the killing of civilians?

A No, he was not present.

Q Were you present at a meeting of Unit Commanders at any place when your Battalion Commander gave an order concerning the killing of civilians?

INTERPRETER ONODERA: If it please the Commission, "Concerning the killing" -- it's very difficult to interpret

that.

LIEUTENANT PHARR: I'll use the word "subjugation".

Q (By Lieutenant Pharr) Were you present at a meeting at Tisong when your Battalion Commander gave an order to the Unit Commanders to kill civilians?

A I don't know the place; I'm not familiar with the name.

Q Did your Battalion Commander give you an order before February 12th to kill civilians?

A No, he did not.

Q Did your Commanding Officer at any time tell the Unit Commanders to kill an average of three inhabitants per soldier a day?

A No, he isn't.

A Colonel Fujishige.

Q Did Takahashi say anything else in that order?

A Yes, he did.

Q What did he say about that?

INTERPRETER HONDA: Who do you mean when you say "Who said it"? Who is the "who"?

Q (By Lieutenant Pharr) What else did Takahashi say in regard to who would bear the responsibility?

A The Battalion Commander told me that the Regimental Commander would assume all responsibilities.

Q Who were present at this meeting?

A This was not a meeting. I went to the Battalion headquarters and therefore just persons who were present there heard it.

Q Do you know any other Takahashi's in the Fuji Heidan?

A No, those two.

Q To the best of your knowledge, did any of these orders concerning the suppression of the guerillas come from anyone beside Colonel Fujishige? Let me clarify that question by the addition --

GENERAL GARD: Just a minute. Perhaps he has an answer to that.

A (By the witness) I don't know.

GENERAL GARD: Just put another question now to him.

Q (By Lieutenant Bettman) As far as you know, no orders concerning guerilla suppression came from anyone in the Fuji Headquarters except Colonel Fujishige, is that statement correct?

Q Yes, Takahashi, the Accused in this case.

A As the Adjutant of the Regiment, I believe he was engaged in personnel and making awards, assigning daily work and reception.

Q Would his job have anything whatsoever to do with operations against guerillas?

A I believe there is no connection.

LIEUTENANT BETTMAN: I ask the Interpreter to repeat the correct answer to that question.

GENERAL GARD: Will the Reporter read the last question and answer?

(Whereupon the Reporter read the last question and answer.)

Q Does the Japanese Infantry Regiment have a staff?

A No.

Q Did you know that the Fuji Heidan had a staff?

A Yes, I heard about it.

Q When did you hear?

A After I arrived at Banahao in May.

Q At the time of the incident in question, then you did not know that the 17th Infantry had been formed into the Fuji Heidan, is that correct?

GENERAL GARD: I think if you say, "May of what year?"

LIEUTENANT BETTMAN: Strike that last question.

A Yes, I did not know.

Q Of what month and year?

A February of 1945.

A I don't know the exact area of Calamba, but school buildings and various other buildings were burned. And this side of the church two-thirds of the buildings were burned down.

Q Was the church damaged by fire caused by American bombings?

A Practically none, but some damage was sustained.

Q Was the school house damaged by this bombing?

GENERAL GARD: Those questions are too leading.

Ask, "Was the school house damaged?"

Q (By Lieutenant Bettman) Was the school house damaged?

A Yes.

GENERAL GARD: Now ask what kind it was, if you want to.

LIEUTENANT BETTMAN: I have nothing further.

REDIRECT EXAMINATION

Q Did you know him when you saw him?

A I cannot estimate because I saw from a distance, but

there was a fierce fire from the markets.

A The incident occurred on the 12th.

Q Did the killings take place close to your quarters?

A About 300 meters away.

LIEUTENANT BETTMAN: May we have the Interpreter repeat that question? He misinterpreted it?

GENERAL GARD: (To Interpreter Honda) Defense requests that you ask that last question again. Let the record show that the Defense Interpreter requested that the question be repeat.

(Conversation ensues between Interpreter and witness.)

"A Yes, sir.

"Q Were you Mayor at that time?

"A Not any more.

"Q Had you been Mayor previous to February of 1945?

"A Around 1940-41.

"Q What was the population of Calamba before February of 1945?

"A More or less about 32,400 inhabitants.

"Q When was the last official census taken of Calamba?

"A Is that before the occupation or after the occupation?

"Q Before the occupation.

"A In the year of 1918 they took a census and it was 32,400 plus.

"Q Since February 24, have you had an occasion to make an investigation to determine the number of people who died at Calamba from about February 11th to February 24th. 1945?

"A Yes, sir.

"Q Why did you make such an investigation?

"A Because we wanted to have in our archives or records, people who died in Calamba, especially those massacred by the Japanese.

"Q Were you ordered to make that investigation by any higher authority?

"A No, sir, I made that on my own account.

"Q How did you go about making such an investigation?

"A I did it with my past administrative experiences and, if I have done it, it is because the provincial authorities or other authorities might need it.

"GENERAL GARD: Will the reporter read the last question and answer?

"(Whereupon the last question and answer were read by the Reporter.)

"GENERAL GARD: Proceed.

"(Whereupon the last question and answer were read by the Reporter.)

"GENERAL GARD: Proceed.

"Q Did you actually go out and make the investigation yourself, or did you assign those duties to your Barrio Lieutenants?

"A I didn't do it personally, but I made a communication to the Chief of Police to give orders to his policemen to take data about those who have been killed by the Japanese.

"Q When you received the reports back, were they made a part of your official City records?

"A Yes, sir, in my office.

"Q Did you examine those reports as they came in?

"A Yes, sir.

"Q Were you acquainted with most of those whose names appeared on the reports?

"A Yes, sir, the majority of them are known to me, and precisely and at least two of my children are included.

"Q I hand you Prosecution's Exhibit No. 42, for identification and ask you to state what that document is.

(Handed to witness)

"A All these pages represent the list given to me of names of persons residing at the Barrio Lings, Calamba, Laguna. This is the copy given to the Prosecution by myself.

"Q How many names appear on this list?

"A Actually, my list that I have there are 896, but in this list (referring to Prosecution's Exhibit 42 for identification) there don't appear the names of persons that are not residents proper of Laguna but they came

from other places and were recorded massacred in Calamba.

"Q Were all of these people residents of Calamba?

"A Yes, sir, during the time of the massacre.

"Q All of the names listed on Prosecution's Exhibit 42 for identification were residents of Calamba in February of 1945, is that true?

"A Yes, sir.

"Q Does this list represent the list of people who died in Calamba during February of 1945?

"A Yes, sir.

"Q What was the normal death rate of Calamba for one day?

"A More or less three or four persons per day.

"LIEUTENANT PHARR: I now offer into evidence, Prosecution's Exhibit No. 42, for identification, the list just identified by the witness, Roman D. Lazaro.

"GENERAL GARD: Just a moment, I want to ask the witness a couple of questions.

"EXAMINATION BY THE COMMISSION

(BY GENERAL GARD)

"Q Is that the list of the persons, the total number of persons, who died, or the list of the persons who were killed? In other words, does it include those who died of natural causes?

"A No, sir. in this list only appears those names who were massacred by the Japanese.

"GENERAL GARD: (To Interpreter Lagdameo) Do the Interpreters agree on that?

"INTERPRETER LAGDAMEO: Yes.

"Q (By General Gard) Is that list of only one Barrio, or is it the town of Calamba, or just what does it include geographically?

"A Not only one Barrio, but from different Barrios.

"Q In other words, it includes the whole municipality of Calamba?

"A Yes, Sir.

"Q Was the population figure which you gave for the municipality of Calamba, 32,400? Was that the population of the municipality or the town of Calamba?

"A The municipality of Calamba.

"Q Did your police take the census of those killed in all the Barrios, or did Barrio Lieutenants take them?

"A My policemen, with the help of the Barrio Lieutenants.

"Q Do you know how those who made the list found out that the persons, there, were killed, were massacred?

"A They know that they were killed by the Japanese.

"Q How do they know?

"A Precisely I gave specific orders just to take the names of those massacred by the Japanese.

"GENERAL GARD: Any objections by the Defense to the introduction of this Exhibit?

"CAPTAIN MURTAUGH: Defense has no objection to the introduction of the Exhibit, but moves to cross out or strike out, 'By the Japanese'.

"GENERAL GARD: Prosecution's Exhibit 42, will be accepted in evidence with the deletion requested by the Defense, to be given whatever probative value the Commission

"Q I now hand you Prosecution's Exhibit 43, for identifica-
tion and ask you to state what that is.

(handed to witness)

"A This page shows the list of those who have been killed
by the Japanese in the Barrio of Canlubang of the municipality
of Calamba.

"Q Was this list prepared at the time the list which
has just been submitted into evidence was prepared?

"A This list was given to me after they had submitted the
other list.

"Q Was this prepared in the same way that the other list
was prepared?

"A Yes, sir.

"LIEUTENANT PHARR: I now offer into evidence Prosecu-
tion's Exhibit No. 43 for identification.

"GENERAL GARD: Was this list taken in exactly the same way?
Were the names on this list obtained in the same way as those
on the other list submitted?

"A (By the witness) It was made by policemen with the
help of the Chief of Police of Calamba.

"GENERAL GARD: Any objection by the Defense?

"CAPTAIN MURTAUGH: The Defense has no objection to
the admission of the Exhibit but moves that you strike out
'Massacred by the Japanese soldiers on February 18th, 1945'

and substitute in place of those words, 'Killed at Canlubang'.

"GENERAL GARD: The Commission will receive in evidence Prosecution's Exhibit No. 43, deleting the words 'massacred by the Japanese soldiers', substituting 'Died'.

(Prosecution's Exhibit No. 43
for identification was re-
ceived in evidence.)

"LIEUTENANT PHARR: May we substitute the words 'Who died', instead of 'Died'?

"GENERAL GARD: (Nods affirmatively)

"LIEUTENANT PHARR: Is it with the understanding that the document will be received as Prosecution's Exhibit 43?

"GENERAL GARD: It has been admitted. The record will so show."

Beginning on page 1284 of the record in the above entitled case, ZENICHI UEHARA testified as follows:

DIRECT EXAMINATION

Q Did the Fuji Group hold any meetings in January of 1945?

A Yes.

Q When was the first meeting held?

A I don't remember the exact date, but it must have been on or about 5th of January.

*U.S.A. vs Tanuchi, et al
Def. Ex. C
31 May 1946*

Q Who was present in the meeting?

A All the battalion commanders.

Q Who spoke at this meeting?

A Heidan Commander.

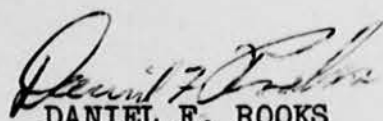

Q Did he speak about the suppression of guerrillas in the Heidan area or the Fuji area?

A At that time the Fuji Group was newly organized, and this meeting was called together so that all of the battalion commanders could get to know each other, and the group commander just gave them instructions, and I do not think that the group commander gave any talk on guerrilla suppression at that time. I think in the instructions the group commander stated that there were guerrillas in the area, so it must not be taken lightly. I think this is the extent that he referred to it.

Q Did the Fuji Commander say anything to you regarding guerrilla operations at that meeting or after that meeting, shortly after that meeting?

A He did not speak about it during the meeting or immediately after the meeting.

Beginning on page 1289 of the record in the above entitled case, ZENICHI UEHARA testified as follows:

DIRECT EXAMINATION

Q What did you understand the colonel's policy to be regarding the suppression of guerrillas in January?

*U.S. A. vs Tanichi, et al
Def. Ex. D
31 May 1946*

A My interpretation of the intention of the group commander was the attacking of the bases of the actual guerrillas and stop the guerrillas from agitating the natives. The group commander began saying in the latter part of January that we must carry out a very stricter policy against the suppression of guerrillas because the natives are helping the guerrillas and are attacking the Japanese forces.

Q Did he say what he meant by "stricter policy"?

A The group commander began to say that we must take more resolute measures against the natives who carry out hostile activities toward the Japanese forces and those who cooperate with the guerrillas, because the engagement with the American forces is imminent.

Q Did he say what the stricter measures would be?

A He did not specify specific things.

Q Did you discuss this policy with him?

A When the group commander was speaking of it, I did not discuss anything with him, but I had the following idea: Considerable reports came in from all of the battalions concerning the anti-Japanese activity of the natives and the natives' cooperation with the guerrillas. Since I was in the headquarters I never received an attack from the guerrillas or from the natives myself, so I thought that these reports were rather exaggerated. Therefore, the suppression of these anti-Japanese elements at the spot of attack is of no use. The solution to the guerrilla problem would be to show the natives and others the real strength of the Japanese Army against the American forces. Then these problems will disappear. Therefore, it is better to spend exclusively for the preparation against the American forces.

Therefore, it is better to spend exclusively for the preparation against the American forces.

Q Did you express that opinion to Fujishige?

A Yes, I told Colonel Fujishige thus: The enemy is near, and where they will land is not certain, and the Shimbu and the higher army are changing their policies so often that it's difficult to tell what is what; and in all the provinces the defense positions are not ready yet, and therefore their most important problem would be to train troops in the anti-American operations and the building of defense positions.

Q What did the colonel say to that?

A He agreed with my idea. However, Colonel Fujishige loved his subordinates very much, and because of the guerrilla activities many of his subordinates were killed or wounded and sustained great losses. Therefore, he was indignant towards the guerrillas and maintained determined will that the guerrillas should be suppressed.

Q Were any written orders to suppress the guerrillas issued during the month of January, 1945?

A Yes, there was.

Q About what date?

A It was on the 27th or 28th of January. Before that there was a meeting of the unit commanders.

Q When was the meeting of the unit commanders held?

A It is not exactly a meeting, except that all of the ranks above the company commander in the 17th Regiment were called.

Q What was said at this meeting regarding guerrilla suppression?

A The group commander expressed his basic policy

toward the suppression of guerrillas.

Q What was that basic policy?

A Hereafter the guerrilla subjugation must not be carried out half-heartedly as has been up to this present time, but to do it thoroughly and resolutely.

Q Did he explain what he meant by that?

INTERPRETER OSATO: What do you mean, "by that"?

Explain every part of it?

CAPTAIN MURTAUGH: The details.

A Yes, to a certain extent it was explained.

Q (By Captain Murtaugh) What did he say?

A I remember his saying to distinguish the guerrillas from all of the people would be very difficult. Up to what point one is to consider the person as a guerrilla -- he explained this point.

Q What was his explanation?

A Those who are armed, that is, the real guerrillas, and those who cooperated with the guerrillas, and though they were not armed, were definitely members of the armed guerrillas; and women who are armed and are in the guerrilla units. Against these above mentioned groups, to attack or arrest and search and investigate them and take severe action against them.

Q You testified that a suppression order was issued during the month of January, is that correct?

A Yes, it's true.

Q Who drafted that order?

A The group commander himself, personally, drafted it.

Q Do you remember the contents of that order?

A Yes.

Q What were they?

A First, the group shall seek and attack the guerrillas within the jurisdictional area of the group and destroy the plan of the American troops to have the guerrillas harass our rear. Even if the enemy landed and the battle has begun, the guerrillas shall be attacked.

INTERPRETER OSATO: This last statement goes at the very beginning of that first statement, right after "the group."

A (Continuing) All garrison unit commanders shall attack the guerrillas at every opportunity within this garrison unit area; especially the subjugations around -- rather, especially all garrison unit commanders shall carry out suppressions around the main defensive positions. Around the Lake Taal east bank sector and southwest bank sector, to concentrate all effort in the suppression. I do not remember whether the order -- one, two, three, four, as I gave it -- was in that order or not. However, that was the contents of that order.

Q (By Captain Murtaugh) Did that order state that all Filipino civilians within a certain area will be killed?

A No.

Q How was that order issued?

A It was sent by wireless. First, an order was transmitted by radio, and later the printed order was distributed.

Q To whom was it distributed?

A To all garrison battalion commanders.

Q. What action did you think the garrison commanders would take as a result of that order?

A Based on this order all garrison battalion commanders would have carried out the order at every opportunity.

Q How did you think they would determine who was a guerrilla or guerrilla suspect?

A I thought that the battalion commanders would have used methods as follows: Those battalions which were near the Kempei unit cooperated with the Kempeis. Also, there were those who were friendly with the Japanese, and they had these people do some spy work. The use of spies was to capture a guerrilla and investigate and find out from them who were the actual guerrillas and those who cooperated with the guerrillas.

Q Were any other suppression orders issued during the month of January?

A Besides the one I mentioned, there weren't any.

Q Were any suppression orders issued in the month of February?

A Going into February I remember there were two or three orders.

Q Were they written orders?

A No, they weren't written.

Q How were they communicated?

A Directly by telephone, or by calling the person in charge of the suppression expedition and ordering the persons.

Q Did you issue any of these orders?

A I do not have the authority to issue orders; therefore, I never issued any orders.

Q Who issued these orders?

A Group Commander Colonel Fujishige.

Q Do you know what these orders were?

A February?

Q Yes.

A Those I remember are on or about the 9th of February a letter was issued to Captain Ginsaku Sato about twice, and on or about the 5th or 6th of February an order was issued to Captain Sazawa.

Q Do you know what that order was?

A Yes, I do.

Q What was it?

A The first order was to Battalion Commander Sato stating that the enemy's main strength has advanced to Tanauan; therefore; attack this enemy. And the second, I believe, was on the 14th of February, to attack the guerrillas in Canlubang.

Q Did the Fuji group receive any report from the battalion commander regarding the result of the suppression order?

A Yes.

Q Did you see those reports?

A I heard the report.

Q When was the first report received?

A I believe the report came on or about the 8th or 9th of February from Tanauan.

Q What did this report say?

A The report went as follows: The guerrilla suppression results of today: Approximately 450 guerrillas killed, and no losses on our side.

Q Was this the first report of guerrilla suppression that the Fuji received?

INTERPRETER OSATO: By "Fuji" you mean -- ?

CAPTAIN MURTAUGH: Fuji Group.

On or about the 28th or 29th of January the order for the suppression of guerrillas went on, and this report was the first since this guerrilla suppression order went out.

Q (By Captain Murtaugh) What action did you take when you received this report?

A I was surprised.

Q Why were you surprised?

A Up to this time there wasn't such a great number killed; therefore I was surprised at the big number.

Q Did you speak to Fujishige about this?

A I heard this report together with Group Commander Colonel Fujishige and at that time Colonel Fujishige said the suppression was done well. He always had an eye on the area there as an area where a large number of guerrillas were concentrated, and he showed signs of satisfaction because the suppression was carried out resolutely, as according to his policy.

Q Did you express opinion

regarding the large number that were killed as a result of this campaign?

A Yes, I did.

Q What did you say to the colonel?

A "In this great number of 450, some must have been front line troops, and isn't it possible that a portion of this great number has been mistaken as guerrillas and being killed? Therefore, isn't it necessary that an evacuation order be handed down to evacuate these natives from the area?"

CAPTAIN MURTAUGH: Would you repeat that?

(Answer read.)

INTERPRETER ONODERA: I think it will clarify matters if that's changed to "evacuation orders be taken to the civilians to get out of the area."

Q (By Captain Murtaugh) What did the colonel say to that opinion?

A "That vicinity was infested with guerrillas and I'll consider the evacuation of the civilians."

COLONEL WORTMAN: The Commission will recess for ten minutes.

(Short recess.)

COLONEL WORTMAN: The Commission will be in session.

LIEUTENANT PHARR: All members of the Commission are present. The Accused, together with their counsel, are present. The Prosecution is present.

CAPTAIN MURTAUGH: You are reminded that you are still under oath.

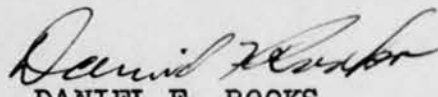

INTERPRETER OASATO: I would like to make an addition

to the last answer. After "The vicinity was infested with guerrillas" follows "and the front-line units could not have been mistaken."

Q (By Captain Murtaugh) Was an evacuation order issued?

A When the report from Tanauan came in, the group commander was very pleased and said that that should be the example, and I insisted that he take up the problem of evacuation. However, he just said that, "I'll consider that problem." The praise by Colonel Fujishige on the success of the Tanauan suppression spread throughout the group, I think.

On page 1325 of the record in the above-entitled case, ZENICHI UEHARA testified as follows:

CROSS EXAMINATION

Q What day did the Fuji Heidan surrender to the American?

A I may be wrong one or two days on this, but as far as I can remember it was 27th and 28th of September.

Q Before the surrender did Colonel Fujishige tell you that he would bear all responsibility for the massacre of civilians in Laguna and Batangas?

A He said something similar to that, but he did not use the word like "massacre."

Q Just what did he say in that regard?

A His statement then was, on the subjugation of guerrillas, to carry this out resolutely and give no quarter, and if this subjugation should turn out to be a little too severe and later if any reproof came about it that he would bear full responsibility for the carrying out of the subjugation. However, he did not use words like "massacre" or "total murder of civilians."

Beginning on page 1334 to page 1335 of the record in the above-entitled case, ZENICHI UEHARA testified as follows:

CROSS EXAMINATION

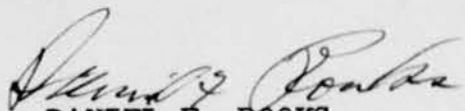

Q What did the group commander say at that meeting in January?

A You mean concerning the subjugation of guerrillas?

Q Yes.

A He said, "Hereafter concerning subjugation of guerrillas the half-way measure that we have been taking up to now is not enough; therefore, carry out the subjugation thoroughly. If the subjugation should go too far in some cases and anyone is reproved by the higher authorities, I will bear the whole responsibility." Thus he showed his firm will on the matter.
