**PROSECUTION MOTION FOR THE ADMISSION OF EXHIBITS CITED IN  
THE AMALGAMATED EXPERT REPORT OF REYNAUD THEUNENS AND  
REQUEST FOR VARIATION OF THE WORD LIMIT**

---

**I. Request for variation of the word limit**

1. The Prosecution seeks a variation of the word limit in conformity with section 7 of the Practice Direction on the Length of Briefs and Motions. The Prosecution requests an additional 291 words to fully present the Trial Chamber and the Defence with its arguments in favour of the admission of documents cited in the expert's report as well as documents not cited in the report. The parties will benefit from a clearly stated position with respect to the tendered material.

**II. Introduction**

2. The Prosecution moves the admission of the exhibits cited in the expert report of Reynaud Theunens entitled "Goran HADŽIĆ and the SAO SBWS/RSK TO - SVK (1991-1993)", dated 10 July 2012 ("Amalgamated Report"). These exhibits are on the Prosecution's exhibit list filed pursuant to Rule 65*ter*(E)(iii) of the Tribunal's Rules of Procedure and Evidence ("Rules"), are relevant and probative to the issues in the case, and will assist the Trial Chamber in assessing the accuracy, reliability and weight of the report. In addition, the Prosecution offers 19 documents which were reviewed by Theunens but not cited in the amalgamated report.

3. Annex A consists of an updated version of the list of documents circulated to the Trial Chamber and the Defence on 22 January 2013 (“List of Theunens Documents”), indicating which documents are now being proposed for admission and which documents will not be offered for admission through Theunens.

### **III. The documents cited in Theunens’ amalgamated report are relevant and probative**

4. The Prosecution requests the admission of the Rule 65ter exhibits listed at tabs 1 to 490 and tab 505 of the List of Theunens Documents, with the exception of those exhibits previously admitted into evidence and exhibits for which the Prosecution no longer seeks admission.

5. The Prosecution notified the parties<sup>1</sup> of its intention to withdraw its application to admit six lengthy books and manuals.<sup>2</sup> The position remains unchanged.<sup>3</sup> In addition, the Prosecution withdraws 65ter#02355.

6. The Prosecution tenders the exhibits listed at tabs 1 to 490 and 505 of the List of Theunens Documents which are cited in the amalgamated report. They are integral to understanding the analyses and conclusions presented in the report. It is therefore necessary to review the report in conjunction with the exhibits cited therein in order to assess the accuracy and the reliability of the report, as well as to understand in full the nasis of the expert conclusions.

7. During his testimony, Theunens described the process through which he selected material for his expert report. He explained the choice of sources, the methodology applied, the criteria to assess the reliability of the source and the credibility of the information.<sup>4</sup>

<sup>1</sup> Email dated 15 March 2013.

<sup>2</sup> Exhibits with Rule 65ter numbers 65ter#00001, 65ter#00003, 65ter#00007, 65ter#00014, 65ter#00024 65ter#00029.

<sup>3</sup> The same email proposed the partial admission of an additional 11 documents; these will be dealt with below.

<sup>4</sup> T.4079-4080, court transcript of 7 May 2013.

8. Theunens relied on the footnoted documents during the course of his testimony. The Defence also put questions to Theunens relating the substance of cited documents to support aspects of its theory of the case. The cited documents cover a wide range of topics addressed in the amalgamated report, including JNA doctrine and the legal framework, military structure, military discipline, the creation and utilization of volunteer and paramilitary units, military operations in Croatia, international agreements, evidence of crimes committed against non-Serbs, operations for taking over towns and villages in the Serb autonomous regions in Croatia, failure of the JNA to investigate and punish perpetrators, the relationship between JNA and civilian authorities, army logistics and assistance from Serbia to the SAO's in Croatia. The Prosecution maintains that the cited documents are admissible as they satisfy the threshold requirements of relevance and admissibility, and form an integral part of Mr. Theunens's expert report.

9. The Hadžić Defence has indicated by email of its intention not to object to the admission of contemporaneously-created documents.<sup>5</sup> The Prosecution interprets this as applying to documents issued before 1 January 1994. Similar to the argument made with respect to the documents cited in the report of Dr. Christian Nielsen, it is submitted that the test for admissibility is not whether a document was created during the Indictment period, but rather whether it is relevant and probative to issues presented in this case. Some of the documents created as of 1 January 1994 provide insight into the events that took place during the Indictment period,<sup>6</sup> while others provide evidence of a continuing pattern relating to the joint criminal enterprise that is alleged to have been in existence during 1 April 1991 to at least 31 December 1995.<sup>7</sup>

10. The documents used by Reynaud Theunens included: (1) laws, orders, decrees and decisions, (2) military documents issued by JNA, TO units and volunteer units during the conflict in Croatia, (3) government letters, minutes of meetings and official reports, (4) police and ministry of interior documents, (5) media material (newspaper and television shows), and (6) monographs. Regarding monographs, the Prosecution

announced its intention to tender excerpts of the more voluminous books and manuals<sup>8</sup> in accordance with the Trial Chamber's guidelines. Those parts that are cited in the expert's reports are therefore submitted for admission in this motion.<sup>9</sup>

11. The Prosecution withdraws its application to tender documents included in the List of Theunens Documents that are duplicates of other listed documents.<sup>10</sup>

#### **IV. Documents not included in the expert report**

12. In addition to the above-mentioned documents, the Prosecution seeks to admit 19 documents which were not included in the amalgamated report and that are relevant to the topics about which Theunens gave evidence. Due to timing considerations, the Prosecution did not have an opportunity to use these documents and announced that documents of a similar nature and content will be offered for admission in the present Motion.<sup>11</sup> All these documents have been reviewed by Theunens and were included in the case-specific report prepared for this case.

13. The Prosecution will only seek the admission of documents which fall into one of the categories discussed during Theunens' examination-in-chief. A description is provided below with respect of each document offered for admission as well as the topics to which it relates.

##### **A. Documents relating to military operation in SBWS**

14. Theunens gave evidence about military operation in Croatia in 1991 and JNA operations in the SBWS region. One such document was Exhibit D13, issued by Lt. Col. Mirko Bročeta<sup>12</sup> with relation to a conflict in Erdut<sup>13</sup>. Theunens also was asked to

<sup>8</sup> Email to the parties on 15 March 2013. Please note that in addition to the books and manuals announced in its 15 March 2013 motion, the Prosecution hereby seeks the partial admission of 65ter#02108, Borisav Jović's book. Annex A identifies the pages submitted for admission.

<sup>9</sup> See Annex A for the page numbers submitted with regard to documents with Rule 65ter numbers: 65ter#00011, 65ter#00015, 65ter#00016, 65ter#00017, 65ter#00018, 65ter#00019, 65ter#00021, 65ter#00023, 65ter#00028, 65ter#00036 and 65ter#00085.

<sup>10</sup> See documents marked as "Removed as a duplicate" in the *Comments* filed (column K). Please note that 65ter#01103 (Tab 284) and 65ter#04775 (Tab 459) were removed and replaced before the commencement of Mr. Theunens's testimony respectively by 65ter#01103 (Tab 284.1) and 65ter#04801 (Tab 674).

provide his views with respect to a new document (65ter#06199, admitted as P01688) which dealt with the conflict in Dalj.

15. The Prosecution offers Rule 65ter#00195, an order issued by Lt. Col. Mirko Bročeta on 1 July 1991. The document shows the marching orders of JNA units to the SBWS region and supports the issue of JNA deployment as part of the change of the JNA's mission during the war in Croatia.<sup>14</sup> It supports the evidence included in D13 and P01688, and corroborates the evidence of witness GH-008 whose evidence was received pursuant to Rule 92*quater*<sup>15</sup>.

16. Rule 65ter#00355 is a statement of the General Staff of the JNA addressed to the President and Government of the Republic of Croatia, claiming that JNA garrisons were under attack and issuing a warning that retaliatory acts would be carried out in response. This document is related to the evolution of the mission of the JNA during the conflict in Croatia<sup>16</sup> which was dealt with in examination-in-chief<sup>17</sup> and contained in the amalgamated report.<sup>18</sup>

17. Rule 65ter#06007 is a 12<sup>th</sup> Corps report dated 4 October 1991 relating to the deployment of units in Vukovar area. The document illustrates the deployment of OG South and OG North units in early October 1991, similar to exhibits P01686, P01720 and P01721.

18. Rule 65ter#06012 dated 7 October 1991 consists of a list of command posts in the area of Eastern Slavonia and Baranja prepared by the command of the 12<sup>th</sup> Corps. The document reveals the number of units in the region and the villages where their command post was established, which is indicative of the towns and villages which were under the control of Serb forces at the time.

## **B. Documents relating to the criminal activity of Serb forces in SBWS**

19. Theunens devotes sections of his report on the topic of crimes committed during the armed conflict in Croatia by Serb forces, including volunteer and paramilitary groups.<sup>19</sup> Theunens also testified about the contemporaneous reports written by the JNA with respect to this topic.<sup>20</sup>

20. The Prosecution tenders 65ter#00446, a report of the Security Organ of the 453<sup>rd</sup> brigade to the 1<sup>st</sup> Military District, reporting on the criminal activities of armed formations, “primarily volunteer units”, dated 18 October 1991. The document reports the fact that such units mistreat or kill prisoners of war. The document also reports the criminal activity of members of the local government, including the commander of the Negoslavei TO and the Minister of Interior of the SAO SBWS. The document is similar in substance to Exhibit P103.<sup>21</sup>

## **C. Documents relating to the TO forces in SBWS**

21. Theunens dealt with the issue of Territorial Defence of the SAO SBWS both in his report and during his testimony.<sup>22</sup> He provided comments with respect to exhibits related to this topic such as 65ter#00658,<sup>23</sup> P198.140<sup>24</sup> and P1727<sup>25</sup>.

22. The Prosecution offers Rule 65ter#06044, a report of the 1<sup>st</sup> Guard Mechanized Artillery Regiment dated 9 December 1991. This document shows how a TO unit was created in a village in the SBWS and that the SBWS TO staff helped to arm the local TO unit. This evidence supports the assertion that a TO staff at the level of the Serbian District was in existence during the relevant period.

**D. Documents relating to the establishment of town commands and their relationship with civilian authorities**

23. Both in his report and during the course of his testimony, Theunens dealt with the establishment of town commands as temporary military administrations in conflict areas, established according to orders issued by the military leadership to administer towns and villages in the absence of local civilian authorities.<sup>26</sup> Documents dealing with this topic were also shown to illustrate Theunens' conclusions, including 65ter#00552, Exhibit D19, Exhibit P365, 65ter#02919 and 65ter#00708. The Prosecution tenders three documents relating to the establishment of town commands that are drafted along the same lines as the above-mentioned exhibits.

24. Rule 65ter#00688 is a 23 November 1991 report issued by OG South relating to the clearing up and mopping up of Vukovar town. On this day, the 80<sup>th</sup> mtbr takes over the responsibility of the area covered by OG South. This marks the end of the gmtbr's mission in Vukovar and the entering into function of the town commander.

25. The Prosecution also offers Rule 65ter#06039, a 5 December 1991 order on the formation of town commands, signed by Major-General Delić. The order describes tasks of the town commands (such as the establishing of local authorities, cooperation with the TO and the local police) and states that organs of authority shall act under the leadership of the SO SBWS. It also affirms that the command of the 1<sup>st</sup> Military District will maintain cooperation with SO SBWS Government; the fact that the SO SBWS was cooperating at the level of the 1<sup>st</sup> Military District was confirmed by other documents and by Theunens' analysis.<sup>27</sup>

26. Rule 65ter#06068 is also offered under this topic. It consists of an order of the 1st Military District dated 7 January 1992 which deals with the creation of civil affairs organs in JNA units; these organs were in charge of the day-to-day cooperation with civilian organs of SO SBWS. The document also addresses the issue of the subordination of town commands and their function in populated places, as well as the cooperation with SUP (police) organs.

<sup>27</sup> See D19, item 6; T.4303-4305.

27. Rule 65ter#06037, an order of the 1st Military District on the regulation of civilian authorities' dated 29 November 1991, answers questions put by subordinated units relating to the duration of the town command and their relationship with civilian authorities.

28. Rule 65ter#06054 from the command of the 1st Military District provides information regarding the return of citizens of Croatian nationality and is dated 23 December 1991. This document was forwarded by subordinated units; Exhibit P370 is one such example of a subordinated unit forwarding this order. For the sake of completeness, the Prosecution submits this document for admission as well as Rule 65ter#06057 of the command of the 12<sup>th</sup> Corps forwarding the 1st Military District order on 24 December 1991.

29. The Prosecution also offers Rule 65ter#06114, a 28 February 1992 report of the Mirkovci town command which indicates that it has been operating in the spirit of the SSNO instructions on the issue of civilian affairs<sup>28</sup> as well as instruction 588-3<sup>29</sup> which was referred to by Mr. Theunens during his testimony. The report provides an evaluation of the situation in the area including the appointment of a municipal executive council. The report makes several references to the SO SBWS laws that are being implemented on the ground by the local commands.

#### **E. Documents relating to resettlement and movement of population**

30. Theunens dealt with the issue of resettlement of the local population through his review of the newly obtained documents and assessed that these documents were relevant to the topics broached in the amalgamated report. Amongst others, Theunens commented on Exhibits P1709, P1710, P1715 and P1717.<sup>30</sup>

31. Two additional documents further illustrate the topic of the forced removal of the non-Serb population from the SAO SBWS. Rule 65ter#06137, a weekly report of the

civilian affairs organ of the 1<sup>st</sup> Mechanized Corps on 16 March 1992 deals with the removal of the Croatian population with the permission of the SO Government, based on lists compiled by local authorities. Equally, Rule 65ter#06161, a 6 April 1992 order of the 1st Military District, deals with the protection of citizens of Ruthenian and Ukrainian nationality in Mikluševci. Although this document was not shown in court, it was mentioned twice by Theunens during the course of his testimony<sup>31</sup>.

#### **F. Documents relating to abandoned property**

32. A few instructions of the military leadership addressed the issue of the handling of private property left behind by non-Serbs who left the region. According to Theunens and as illustrated by admitted exhibits, typically, the military leadership left the matter to be resolved by the local authorities.<sup>32</sup>

33. The Prosecution offers one document relating to the management of abandoned property, 65ter#06060, a report of the 1<sup>st</sup> pgmd relating to the resettlement of refugees dated 26 December 1991. The document reports on the number of abandoned homes and their status (“illegally occupied”, “occupied”, “free buildings”). The document also provides the date of the beginning of the settlement of Serbian refugees in the area and expectations of the JNA for the Government of the SO SBWS to create a body to deal with the matter. The JNA highlights omissions of the SO government and suggests that contact be made to specify mutual obligations.

#### **G. Documents relating to the use and incorporation of volunteer units**

34. Theunens describes the *de jure* and *de facto* situation with respect to the incorporation of volunteers in JNA units both in his report and during his testimony. Several military decisions and government decrees cover the issue and illustrate the authorities’ acceptance of volunteer “units”.

35. The Prosecution tenders 65ter#06082 issued by the 12<sup>th</sup> Corps on 23 January 1992. The report refers to the SFRY Presidency order of 10 December 1991 relating to

<sup>32</sup> P1707; P1708; T.4341-4346.

the “alignment” of the position of voluntary detachments and states that the order has been fully implemented.

36. The Prosecution notes that it used 65ter#00741, Minutes of a meeting of the Serbian Assembly in December 1991, during Mr. Theunens examination-in-chief but did not tender the used excerpt.<sup>33</sup> The Prosecution hereby seeks the admission of the excerpt as Mr. Šešelj’s speech is consistent with evidence reviewed by Mr. Theunens with respect to the incorporation of volunteers in JNA units.

#### **H. Goran Hadžić’s powers as commander of the RSK armed forces**

37. Theunens gave evidence about the powers of the President of the RSK in 1992 and 1993 with respect to the RSK armed forces and his interpretation of documents relating to the topic.<sup>34</sup>

38. The Prosecution tenders two documents that are related to admitted exhibits and touch on the same subject. The first document, 65ter#01422, is a statement of reasons regarding the rank verification of a SVK commander signed by Goran HADŽIĆ on 19 January 1993, illustrating HADŽIĆ’s authority with respect to the RSK armed forces.

39. The Prosecution also offers 65ter#01441, the proclamation of state of war in territory of Republika Srpske Krajine dated 22 January 1993, which is a follow-up to Exhibit P1898, the decision declaring a state of war. This document illustrates HADŽIĆ’s role in relation to the use of the armed forces on the territory of the RSK in 1992 and 1993.

#### **V. Relief sought**

40. For the foregoing reasons, the Prosecution respectfully requests that the Trial Chamber:

- a. Grant the Prosecution’s request for a variation of the word limit;
